

Web Design Planner

Thank you for taking the time to download our Web Design Planner. The questions will be short and to the point as we both know 'time is money'. When finished please email a copy to sales@vantagestreet.com and we'll get started on the next step.

1. We'll need to know your name and contact information:
2. Can you tell us a little about your company, product, service, or organization?
3. Is this design work for an existing project or a new one?
4. What specific goals do you have for this project?
5. What would you like Vantage Street to provide in terms of deliverables? [For example, "5 designed HTML pages utilizing CSS," or "A template that we can integrate with our existing Content Management System," or "We will need the works, Graphics, HTML, CSS, ASP, and other technologies, in other words this is a huge project."]
6. Can you provide some descriptive words that adequately express the look and feel you are after?
7. Do you have a budget? If so, what is it?
8. Anything else you think we should know?
